

# AquaMagic™

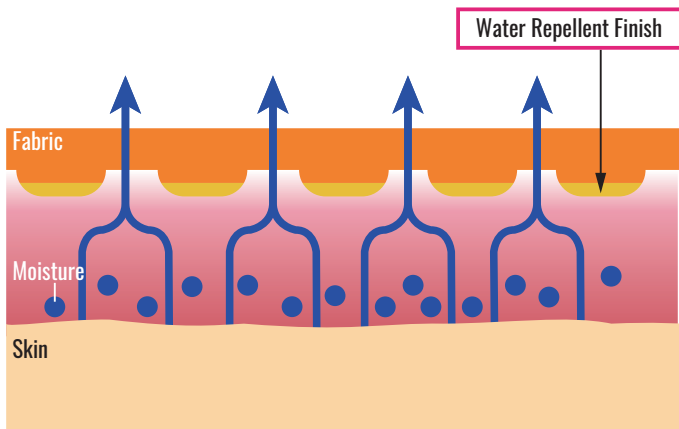

NEVER  
FEEL  
THE SWEAT

# AquaMagic™

Debs Textile Corporation has developed a range of fabrics that not only absorb sweat quickly and efficiently, but keeps your skin feeling dry at all times. Combining unique fabric constructions with a proprietary finishing technology, **AquaMagic™** provides maximum moisture management whether in the gym or at home.

**AquaMagic™** uses special water repellency polymers to force the sweat from the backside of the fabric to the surface, where crimps in the yarn absorb and pull the moisture to the outside surface at incredible speed. AquaMagic™ protects you from that sticky, uncomfortable feeling.

**AquaMagic™**. Never Feel The Sweat.

## 01 Efficient Moisture Management

- Extremely fast water absorption from backside of fabric to surface of fabric.
- Quick dry fibers used in the fabric ensure a quick release of any moisture.

## 02 Comfort At All Times

- Keeps fabric at its original weight due to quick release of moisture.

## 03 Wellness

- Body can maintain temperature after a work-out.
- Does not feel cold because fabric is always dry.
- Prevents skin irritation from movement in wet clothing.
